

Subject: DNREC Hearing on Ruddertowne Friday, February 8th at 6:00 p.m. at the Bay Center

Dear Friends and Dewey Property Owners:

The DNREC public hearing is now scheduled on the Ruddertowne project for **Friday, February 8th at 6:00 p.m.** at the Bay Center. DNREC will be convening this hearing to hear comments on the proposed Bay Walk, crabbing pier and marina proposed by Dewey Beach Enterprises. The public notice will appear in the newspapers next Wednesday, the 16th.

In addition to the hearing, the contractor is planning to stake the location of some of the proposed activities and he and the consultant will be available at the site for an informal workshop at 4:00 p.m.

The Commissioners had requested a formal hearing so that citizens could get their questions answered and make their views known to DNREC as it considers the DBE application for Ruddertowne. We encourage all interested citizens to attend. For more information on the Ruddertowne project, go to www.townofdeweybeach.com/Ruddertowne-Project.
